

Pets First Diane's Priority Pet Care

Testimonials

We would rate Pets First Diane's Priority Pet Care a 5 Star rating. Diane Mead of "Pets First" is an excellent service provider and a lifesaver in our household. Diane comes into our house a couple days a week to take care of Lucky & Lucy and she delivers above & beyond the call of duty. She is dependable and follows through on what she commits to. Having Diane as a member of our pet care team gives us a big peace of mind.

We are a two career family with two small dogs (Lucy & Lucky). Due to our busy work schedule that occasionally requires international travel, we believe it is important to have a care provider check in our small pups mid-day during the week to give them a break from monotony and a chance to stretch their legs. While Diane is with the 2L's, she brushes their teeth and gives them their healthy snacks. Diane's visit is an important part of the day for Lucky & Lucy. One of the things I especially value about Diane is that she takes the time to write me a short note summarizing her visit and noting any behavior by the dogs that I might want to know about.

We especially appreciate the flexibility Diane provides. Sometimes I need to travel to Asia and this makes for a very long day for our puppies when I am not at home with them in the early mornings. During these times Diane will often double up and make the trek to visit our puppies twice in one day for several days in a row.

Diane has become a treasured friend and family member. Without her we would not be able to keep our puppies in the happy state they enjoy. We count her as a blessing every day. We recommend her services 100%. We have absolute confidence in her experience of working with dogs and trust her in our house. We feel very lucky to have found Pets First!!! (recommended by our vet.).

Sincerely
